Employment

'17 - '22 **DESIGN STEWARD** - **AQUENT @ MERCK**

Asset Management - Systems Development - Automation - Training - Template Development - Email Marketing

As a Design Steward, I helped manage assets and distribution of medical promotions internationally. As my work expanded, I developed templates for proprietary software, automated systems, and training to support users across the US and Global markets.

09' & '16 **HEAD CREATIVE** - **DAVIDWHITEDESIGN.NET**

Web - Print - Environmental - 3D - Branding - Email Marketing

Through DavidWhiteDesign.net I offered my services as a designer. From project to project, I developed websites, automated online marketing, and did product renderings.

'10 - '15 **WEB MANAGER** - **NOVO ARTS INC.**

Web - Print - Environmental - 3D - Branding - Email Marketing

As Web Manager, I developed a website that exemplified all the company's services and organized two separate image databases online with a secured membership section. This created a way for the company to protect the property rights of their assets on the Internet and let their customers easily access Novo Arts' products.

'06 - '08 **MEDIA DESIGNER** - **E-MAGINATION GROUP**

Web - Print - Video - Audio - Development - Photography

I developed print and web design as per the client's requests. e-magination group was a full service marketing agency.

'05 - '06 **PRODUCT DESIGNER** - **WEATHERVANE CAPITOL**

Products - Web - Print - Photography - Branding - Vinyl Printing

A product development and distribution company that held contracts with national companies and professional sports teams. I managed their website and developed products for them to sell online.

'03 - '05 **GRAPHIC ARTIST** - **CONWAY COPIES**

Print - Photography - Branding - Oversize Printing

I worked as a production assistant and designer for a full service digital print production shop. I helped to supply custom print solutions, invitations, oversize printing and office supplies.

'96 - '00 **INSTALLER** - **A PLUS COMPUTERS**

Manufacturing - Software & Network Installation

I helped to build computers from bulk parts, installed operating systems, and large scale networks through a family business all across Northern Arkansas.

Education

'05 - **BFA** - University of Central Arkansas
